
Lån av CPAP, Hjälpmedelscentrum

Loan of CPAP machine, Assistive Devices Centre (*Hjälpmedelscentrum*)

You borrow this assistive device from Region Västmanland. You must not pass on the CPAP machine to another person, because it has been individually prescribed for you and adjusted to suit your needs.

You pay a non-recurring fee of SEK 500 on the first occasion when a CPAP machine is adjusted to suit your needs. Paying this fee does not mean that you buy the machine – it is still the property of Region Västmanland.

Maintenance and repairs

The CPAP machine must be taken care of and cleaned in accordance with the instructions that you receive and the manual that accompanies it. It must be stored safely so that it is not damaged.

Repairs are included in the loan. If there is something wrong with the device, or if you need new disposable articles, contact the Assistive Devices Centre via 1177.se or by calling 021-17 30 48.

If you have questions about your treatment, contact the Lung Clinic via 1177.se or by calling 021-17 32 50.

If anything happens

If the CPAP machine is stolen, the theft must be reported to the Police and the Assistive Devices Centre must be informed. If it is stolen during travel, you must also report the theft to the transport company.

If you are negligent or lose the CPAP machine, you may be liable to pay compensation. For this reason, you should make sure that your home insurance would cover this.

When your treatment is finished

If the health professional who prescribed the CPAP machine ends your treatment, or if you no longer use the CPAP machine, you must return it as soon as possible to the Lung Clinic, the Assistive Devices Centre or your local health centre. If you do not return the CPAP machine, you will be charged a fee corresponding to its value.
